PAID INTERNSHIP OPPORTUNITY

The Laguna de Santa Rosa Foundation is now accepting internship applications for placement with the Education department for the Spring 2026 Semester!

The **Laguna de Santa Rosa Foundation** is offering the opportunity to deepen your knowledge of the Laguna de Santa Rosa ecosystem and environmental education best practices through the Learning Laguna school program and community education events. Interns help deliver engaging, inclusive experiences for youth and adults, assist with event logistics, and contribute to outreach efforts both in person and through social media. This internship offers a stipend for participants.

- **Build a sense of belonging** in the environmental education field through inclusive, community-based learning experiences;
- **Gain hands-on experience** delivering environmental education programs for school children in the classroom and during field trips and community events;
- **Strengthening organizational and project management skills**, including prepping materials, managing logistics, and tracking participation;
- **Grow as a passionate environmental educator**, inspiring others to connect with nature and support sustainability!

The Laguna de Santa Rosa Foundation is a watershed-based 501(c)3 non-profit organization in Sonoma County. We work to restore and conserve the Laguna and its surrounding watershed, and to inspire the local community to appreciate this vital resource.

Internships require a 90-hour commitment located in Santa Rosa, CA. Our paid internship program aligns with the college semesters at Sonoma State University and the Santa Rosa Junior College, but applicants enrolled in other schools are also encouraged to apply. **Apply early! The application period closes and interviews begin December 12, 2025.**
